MEETING OF THE

SOLID WASTE TASK FORCE

NOTE: NEW TIME & MEETING ROOM

Friday February 24, 2006

Riverside A Conference Room

9:00 a.m. to 11:00 a.m.

Located at:

SCAG MAIN OFFICE

818 West Seventh Street, 12th Floor

Los Angeles, CA 90017

(213) 236-1800

If members of the public wish to review the attachments or have any questions on any of the agenda items, please contact Jacob Lieb at 213.236.1921 or lieb@scag.ca.gov.

SCAG, in accordance with the Americans with Disabilities Act (ADA), will accommodate persons who require a modification of accommodation in order to participate in this meeting. If you require such assistance, please contact SCAG at (213) 236-1868 at least 72 hours in advance of the meeting to enable SCAG to make reasonable arrangements. To request documents related to this document in an alternative format, please contact (213) 236-1868.

SOLID WASTE TASK FORCE AGENDA

**February 24, 2006
9:00 a.m. to 11:00 p.m.**

group agreed to contact editorial boards and write informative letters. The group also discussed AB 1497 (Montanez) regarding facility closure procedures.

The Task Force acted unanimously to recommend opposition of AB 1497.

5.2 Regional Comprehensive Plan Draft Solid and Hazardous Waste Chapter Revised Outline

Staff introduced a draft outline for the Existing Conditions of the Solid and Hazardous Waste Chapter, per prior revisions and comments. The Task Force provided feedback on the outline and ideas on potential resources and contact. Staff will make appropriate edits and continue discussion on the chapter at future meetings.

6.0 ACTION ITEMS

7.0 SET NEXT MEETING DATE/TIME/PLACE

The next meeting will be held at SCAG on Friday, February 24 at 9 a.m.

8.0 ADJOURNMENT

The meeting was adjourned at approximately 12 p.m.

Councilman Eric Garcetti
Los Angeles City Council, President
200 North Spring Street, Room 470
Los Angeles, CA 90012

Subject: Support for RENEW L.A.

Dear Mayor ~~Villaraigosa~~ and President ~~Garcetti~~,

The Southern California Association of Governments (SCAG) is pleased to support the concept included in the *Recovering Energy, National Resources, and Economics Benefit from Waste in Los Angeles*, presented by Councilman Greig Smith. Our Association has a strong interest in the development of conversion technologies to both serve energy needs and manage waste streams.

SCAG has a commitment to environmental policy and planning, including solid waste issues. SCAG is currently updating its Regional Comprehensive Plan, in which it will feature a Solid and Hazardous Waste chapter. The chapter will present data on solid waste generation, recycling, conversion and disposal, and will provide an action plan to help implement policies. The Association also has a Solid Waste Task Force which I chair, that serves as an open forum for local government and community stakeholders. The RENEW L.A. program has the potential to serve as a model for our efforts and for cities around the region. We look forward to working with you in advancing the program's goals.

The primary purpose of Southern California Association of Government is transportation planning. At the same time, the Association puts forth guiding local efforts towards environmental stewardship. Therefore, we foster cooperation and information sharing among State, regional and local governments on solid waste management. While we applaud the City of Los Angeles for undertaking ambitious goals in solid waste reform, we wish that your efforts are not construed as support for higher state diversion mandates.

We thank you for your leadership on this issue. If there is anything we can do to be of assistance, please do not hesitate to contact me, or Carolina Morgan of SCAG staff at (213) 236-1923.

Sincerely,

A handwritten signature in black ink, appearing to read "Toni Young". The signature is fluid and cursive, with the first name "Toni" and last name "Young" clearly distinguishable.

Councilmember Toni Young, City of Port Hueneme
President, Southern California Association of Governments

SOLID WASTE TASK FORCE AGENDA

**February 24, 2006
9:00 a.m. to 11:00 p.m.**

Item 5.2

**REGIONAL COMPREHENSIVE PLAN, DRAFT SOLID AND HAZARDOUS
WASTE CHAPTER, REVISED OUTLINE**

February 24, 2006

Solid and Hazardous Waste Chapter

Existing Conditions Section –Outline

Chapter Outline

- 1) **Growth and facilities (capacity).** This section will describe the capacity of existing and planned solid waste facilities, compared with projected demand associated with population growth.
- 2) **Diversion**
- 3) **Intergovernmental relations.** This section will describe current and emerging issues between various levels of governments. Specifically, legislation, state mandates, regulations, and legislative and jurisdictional issues including railroad, rule making, etc.
- 4) **Transportation and transfer of solid and household hazardous waste.** This section ties into the Regional Transportation Plan (RTP). Specifically, this section will discuss efficiency and safety, and will analyze the relationship between solid waste management practices and transportation systems.
- 5) **Urban Form.** This section will address future urban growth and its implication on solid and household hazardous waste production/increase. Specifically, this section will tackle waste disposal and diversion in light of the regions anticipated growth distribution.
- 6) **New and emerging technologies**
- 7) **Performance Objectives and Evaluation**
 - a) **Generation.** Discussion of what is generated.
 - i) What is Generated
 - (1) **Solid Waste**
 - (2) **Electronic Waste**
 - (3) **Household Hazardous Waste**
 - ii) **Diversion.** Discussion of diversion performance in the region.
 - iii) **Disposal.** Discussion of disposal performance in the region.
 - iv) **Environmental Repercussions**
 - b) **Facilities.** This section will present the existing and proposed solid and household hazardous waste in the SCAG region.
 - i) **Existing**

- (1) Landfills
- (2) Waste-to-Energy Facilities
- (3) Materials Recovery Facilities
- (4) Transfer Station

ii) Proposed

- (1) Landfills
- (2) Waste-to-Energy Facilities
- (3) Materials Recovery Facilities
- (4) Transfer Stations

c) Technologies/Alternatives. Discussion of potential and issues regarding conversion technologies.

- i) Waste-to-Energy
- ii) Materials Recovery
- iii) Conversion Technologies
